# ROAD MAINTENANCE FLEET MANAGEMENT

FAMILIAR MAPS WITH GREATER DETAIL

## System Designed For Counties, Townships & Rural Municipalities

### Major System Features

- Greater details (e.g. Side roads, Water features)
- Superior points of reference vs. Google maps
- Compatible with work preformed history data
- Compatible with X-it landmark creation data
- See roadways not provided by google maps
- Use your own Legal map
- View land parcels/#'s
- See local land markings
- Internet viewable digital map
- Boundary/section lines

### System Benefits

- Familiar to R.M. staff and rate-payers
- Easy site/section location
- Greater detail for better planning
- Speed up work-flow
- Precise historical insight for rate payer inquiries
- Eliminate guess-work of unmapped roads
