ROAD MAINTENANCE FLEET MANAGEMENT

See Work: Completed, In-Progress, & Planned

Mower Package

Continues to Operate Even In Poor or No Coverage

COST EFFECTIVE • NO MAINTENANCE • EASY TO USE

System Designed For Counties, Townships & Rural Municipalities

Major System Features

- Review YTD budget usage reports
- Operator specific Driver ID system
- Eliminate manual reporting/mapping
- Redline/Blueline mapping of completed work
- In-cab alarm when approaching culverts/weeds/hazards

System Benefits

Reduce Operational Costs

- Maximize employee productivity
- Minimize equipment downtime
- Eliminate mower damage
- Protect culverts from damage
- Improve Employee safety
- A confident operator gets more work done

Monitor Work Preformed

- Quickly determine work and travel time
- See how many hours and kilometers of work completed
- See precisely where that work was done
- Minimize idle time
- Trust but verify employee activity
- Keep maintenance up to date
