COST EFFECTIVE • NO MAINTENANCE • EASY TO USE

Major System Features

- Create reports and view all system usage
- Multi-tier rates for power users & non-rate payers
- Authorized user's access can be unlimited or restricted
- Billing options Pre-Paid / Post-Pay / No-Pay / Time-of-Use Pay
- Control functions and monitors who, when, and the duration of use
- Track hours of operation and set scheduled maintenance (with notifications)

Water Fill Station

- Prevent Un-Authorized Use
- Manage Users/Create Statements
- Billing Options: Pre-Pay, Post-Pay, No-Pay Time-of-Use Pay
- Gain Powerful Data Analytics
- Eliminate Coin-op/Card Reader Systems
- Eliminate On-Site Repair/Coin Collection

- Built in cost recovery—System pays for itself by reselling access FOBs
- Fraction of the cost of a smart card/pin pad system
- 100% Wireless Administration
- Eliminate manual procedures such as coin collection and rolling
- Grant or restrict access to anyone at anytime
